

FibreWall EverSlot™ Screen Cylinder

Patented metallurgy holds the line on slot life and performance

EverSlot for the longer run

The Kadant FibreWall screen cylinder line has added a new solution for those OCC and deinking applications requiring hyper-extended cylinder life. To ensure the greatest efficiency, EverSlot cylinders are optimized to your specific fine screen or fractionation application and are built to go the extra distance while maintaining fit, form, and performance.

The FibreWall EverSlot is constructed with our patented chrome-free hardwire metallurgy that is as rugged-tough as it looks and provides the premium solution to the removal of stickies and other deformable contaminants.

EverSlot Outlast Chromed Cylinders

Performing with less wear, while preserving optimum slot tolerances over a longer service life.

Benefits

Increased Service Life

- Same great FibreWall performance over an even longer service life

Premium Efficiency

- Maintains optimum slot widths longer
- High contaminant removal

Strategic Flexibility

- Applications in both outward and inward flow screens
- For fractionation and fine screen systems

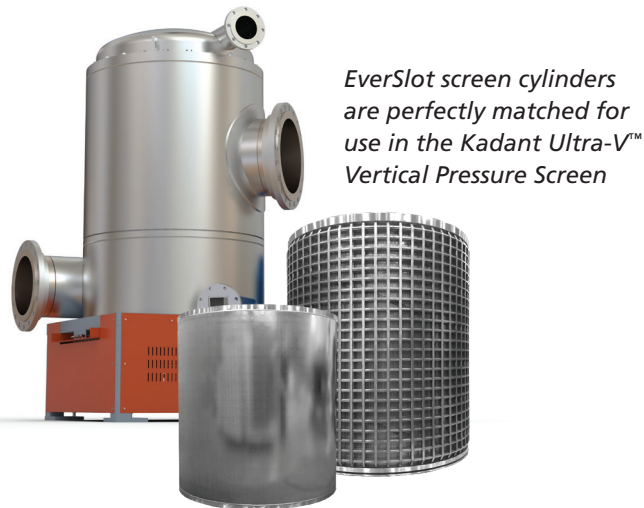

Upgrade with Ease

- Applicable in nearly all screen models

Environmentally Friendly

- Chromium-free treatment

EverSlot screen cylinders are perfectly matched for use in the Kadant Ultra-V™ Vertical Pressure Screen

Long-lasting slot profiles improve debris capture and screening efficiency

- Longer service life
- Optimized performance
- Cost-saving efficiency

Expertise to Empower You

Our team is there for you at every step. We help you select the right options to best meet your specific needs.

We have generations of experience, a history of innovation, and a proven record of success across the globe. Our skilled engineers, application experts, manufacturing, and field service teams have thousands of successful installations to their credit.

Get You Running, Keep You Running

Our technical service and support teams are ready. We provide superior guidance in the planning, design, engineering, installation, and start-up of your systems. Our products and expertise cover the full range of stock preparation and pulping.

A Trusted Partner

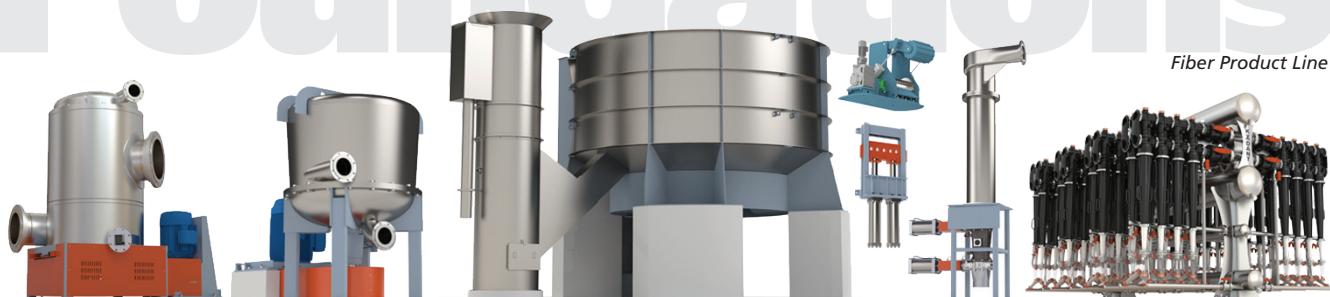

Stock preparation is in our DNA. We know this industry like few others – your equipment, your processes, and your challenges. We have the know-how and tools to elevate the efficiency of your production. Our team can help monitor, maintain, and upgrade your line, providing process improvements, replacement parts, rebuilds, and comprehensive maintenance plans. We understand what it takes to remain competitive, protect your investment, and extend the life of your stock preparation assets.

KADANT

fiberprocessing.kadant.com Kadant is a global supplier of high-value, critical components and engineered systems used in process industries worldwide.

In North America, Central America, and Japan:

Kadant Black Clawson LLC
1425 Kingsview Drive
Lebanon, OH 45036 USA
Tel: +1-513-229-8100
Email: info@kadant.com

In China, Taiwan, and South Korea:

Kadant Fiberline (China) Co. Ltd.
STE 1960, Beijing Sunflower Tower
37 Maizidian Street, Chaoyang District, Beijing 100125 China
Phone: +86-10-65813011/12/13
Email: Marketing.KFC@kadant.com

In EMEA, APAC, and South America:

Kadant Lamort SAS
39, rue de la Fontaine Ludot, B. P. 30046
Vitry-le-Francois cedex 51302
Phone: +33-26-74-80-80
Email: kadant.lamort@kadant.com

Kadant Noss AB
Malmgatan 25
602 23 Norrkoping, Sweden
Phone: +46-(0)-11-23-15-00
